Fly to Costa Rica and settle in at your hotel in San José. Enjoy a light dinner this evening.

Please note: If you arrive after 9pm, dinner will be served in your hotel room.

Tortuguero → 2 nights

Day 2: Transfer to Tortuguero

Included meals: breakfast, lunch, welcome dinner

Get comfortable on your group's private coach and follow the scenic Guapiles Highway through Braulio Carrillo National Park. This vast, protected area features rugged mountains, lush forests, extinct volcanoes, and pristine waterfalls and rivers. Then, climb aboard a boat bound for your eco-lodge in Tortuguero. As you cruise along the Sucio River, keep your eyes peeled for caimans, a reptile similar to alligators, lurking below the surface. You might also spot crested Jesus Christ lizards, named for their ability to run atop water—upright, on their hind legs! Enjoy an included lunch at your eco-lodge in Tortuguero, then get settled in your room. Later, get to know your group during a welcome dinner served with beer or wine at your eco-lodge.

Travel tip: From July through September, you can book a guided evening beach walk through your Tour Director for an additional cost. During the walk, you'll learn about the threats facing green sea turtles, whose global population has declined, and observe them in their natural habitat.

Why seeing green sea turtles here is special: Tortuguero is home to one of the world's largest green sea turtle nesting populations, with 30,000 females nesting here per season on average.

Day 3: Walking & boating tour of Tortuguero National Park

Included meals: breakfast, lunch, dinner

This morning, get to know Tortuguero National Park on a guided tour. Situated along the Caribbean coast, the expansive park is home to one of Central America's largest remaining tropical rainforests.

- Learn about the park's diverse habitats, including mangrove forests, swamps, and beaches, on a walk led by your naturalist guide
- Board an open-top boat (ideal for peering into Tortuguero's tall trees) and cruise through the park. It's early in the day, so keep a lookout for nocturnal animals who are still stirring, and diurnal animals for whom the day is just beginning. Wildlife to watch for: caimans, toucans, green macaws, and howler, spider, and white-face monkeys
- Float along the park's freshwater creeks and placid lagoons, which are home to endangered turtles and more than 50 species of fish
- Enjoy an included lunch featuring simple yet flavorful local cuisine, such as rice, beans, and plantains

Spend a free afternoon in Tortuguero or add an excursion.

- Marvel at the mile-high volcano, a near-perfect conical shape that emerges from the Sierra de Tilarán mountain range

Travel tip: During Costa Rica's rainy season, which lasts from May through November, clouds and mist can obscure the volcano's peak from view.

- Try to spot slow-moving sloths, snakes coiled around tree limbs, and spiders resting in their webs
- Gaze at placid Lake Arenal—Costa Rica's largest lake—and watch for birds such as northern jacanas, woodpeckers, and kingfishers, wading and soaring along its shores

Please note: In some places around the park, terrain can be uneven and formed by hardened lava. Travelers should be able to navigate these surfaces and hike for around two miles.

This afternoon, visit an eco-friendly ranch in La Fortuna.

- Learn about, and keep a lookout for, the forest's array of flora and fauna, including orchids, ferns, millipedes, tarantulas, and more
- Walk through the misty forest as you explore this rare ecosystem, which gets its name from the constant cloud coverage
- Hear about the area's reforestation efforts and have the opportunity to make your own contribution by planting a native tree in the Cloud Forest
